

Workshop on “Patterns of Membrane Protein Clustering (MPC) as a biomarker of mental disorders”

Date: September 4th 2018

Place: CIMUS, Santiago de Compostela

PROGRAM

Morning: Open session

10:00 – 10:15 Welcome and brief presentation (Maribel Cadavid and Carlos Dieguez), **if not Mabel and Hector will give the welcome remarks**

10:15 – 10:30 “MPC as a biomarker of mental disorders: Idea, concept, and summary of published data” (Hector Caruncho, University of Victoria)

10:30 – 10:45 “InnoPharma and the Kaertor Foundation. Roles in support of translational projects on biomarkers of mental disorders. Overview of current signed agreements” (Mabel Loza, University of Santiago de Compostela)

10:45 – 11:00 “Summarizing the interest of clinicians on studies of biomarkers of mental disorders: What can they be useful for?” (Jose M. Olivares, FBGS **or Tania Rivera if Jose cannot make it**)

11:15 – 11:30 “Janssen’s interest in supporting studies on biomarkers of mental disorders” (Janssen representative, TBD) **this can be eliminated if there are no Janssen’s representatives that can attend or participate via TC**

11:15 – 11:30 General Discussion

11:30 – 11:45 Coffee Break

11:45 – 13:30 Students’ presentations (10 minutes plus 5 minutes discussion)

13:30 – 16:00 Lunch break

Afternoon session: Confidential (by invitation only)

16:00 – 18:30 Brainstorm discussion on “where we are, where we want to go, what we can do etc.” to properly move forward our research on biomarkers of mental disorders”. Define schedules and milestones whenever possible.
