

Seminario CIQUS

**Ruthenium catalysis for cellular delivery of
sulfonated dyes**

Renata Calo

Investigador aPredoutoral(Grupo JLM/EV/FL)

**Irreversible Covalent Modification of
Bacterial Enzymes: Structure-Based Design
and Simulation Studies**

María Maneiro

Investigadora Predoutoral (Grupo CGB)

28/01/2015

.....

Aula de Seminarios do
CIQUS

18:30 h
