

The New generation of scientific training laboratories for nanotechnology

CONTENTS:

Part 1

1. Introduction to NT-MDT SPM Systems
2. NanoEducator II: a new concept for nanotechnology education
3. Measurement Modes with NanoEducator II

Part 2

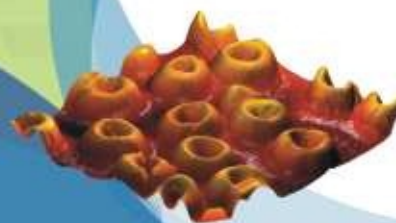

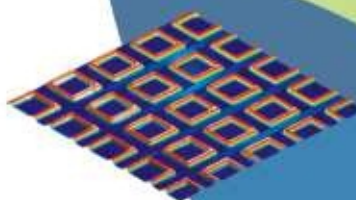

4. Samples Measurements for Participants

SEMINAR DURATION:

- Part 1: Introduction to the New SPM NanoEducator II (60 min)
Part 2: Samples Measurements⁽¹⁾ (Max. 3 h)

Demo Session by: Mr. Dmitry Kozodaev (NT-MDT Europe)

Official Language: English

Date: Monday 7th November 2011

Time: 10.00 h

Location: Universidad Santiago de Compostela.

Centro Singular de Investigación en Química Biolóxica e Materiais Moleculares (CiQUS)

Aula de Seminarios

C/ Jenaro de la Fuente S/N

Campus Vida; 15782 Santiago de Compostela (A CORUÑA)

(1): Only 3 samples per participant. Samples not higher than 20x20x5 mm. For electric modes, samples above conductive substrate including electric contact. Please, send us information details about sample description before the demo session
